
Project Name: CSC Edmonton Federal Institute For Women (New & Retrofit)

Location: Edmonton, AB

Owner: Correctional Services Canada

Prime Consultant: Valcom

Facility: 50-bed multi-level and 30-bed secured unit female federal penitentiary located in Edmonton, Alberta. Facility expanded in 2001.

DelcoSecurity Scope: Engineered, manufactured, and commissioned a two node door control system for the 30-bed secured unit. The system was programmed with PASS features as well as lighting control. The system was temporarily removed, expanded, and reinstalled in 2001 as part of an overall facility expansion.
