## CES AWARDS

### Bullee Consulting LTD.

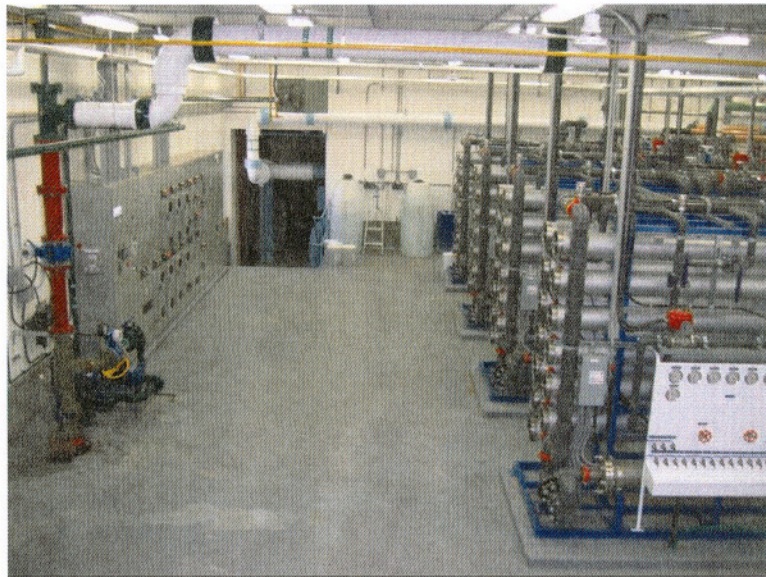

**CES 2004 Brian Eckel Award of Merit in the Technical Innovation Category**  
**CES 2004 Brian Eckel Award of Excellence in the Technical Innovation Category**

#### **Town of Maple Creek Water Treatment Plant Upgrade**

The completion of Maple Creek’s Water Treatment Plant Upgrade project resulted in Saskatchewan Environment rescinding a boil water advisory which had been in effect for over 2 years. Complete Consulting Ltd., the design of the water treatment plant process and controls system was detailed. complex, in that a single treatment process was sought to treat three very different raw water sources.

To safeguard the community’s water supply, advanced water treatment technologies were applied is the largest municipal membrane water treatment plant in Saskatchewan, removal of the boil water advisory and affirmation of the Town’s reputation for good water. The Water Treatment Plant Upgrade is providing excellent, safe water for the community of Maple Creek.

Sub-consultants on the project were: Structural - ROBB KULLMAN ENGINEERING LTD., Electrical - PALEY WHITE & ASSOCIATES LTD., Hydro-geotechnical - BECKIE HYDROGEOLOGISTS
