**Project Name: Calgary Court Center (New)**

Location: Calgary, Alberta

Owner: Alberta Infrastructure

Design-Build Contractor: CANA Construction

Security Consultant: Weaymouth & Associates

**Facility:** The Project is a competition-winning design for a \$280 million development which will be the largest consolidated judicial complex in North America. Two towers flank a soaring thirty-storey atrium to create a landmark building for the Provincial Court, Court of Queens Bench and the Court of Appeal. This multi-level complex includes 90 Courts, extensive Judicial Chambers, rehabilitation of an existing heritage building and the creation of new urban park.

**DelcoSecurity Scope:** Engineering, manufacturing, and commissioning a 12-node touchscreen-based door control system for Detention Area and Prisoner Movement door control system and building-wide duress system, along with interfaces to Intercom, CCTV and Access Control Systems.
