
Project Name: FMF CB Project – Access Control System, CFB Esquimalt

Location: Esquimalt, BC

Owner: Defence Construction Canada

Prime Consultant: Earth Tech

Facility: **CFB Esquimalt** is Canada's West Coast (Pacific) naval base. It is just over 10,000 acres (40 km²) and is located on Vancouver Island in the municipality of [Esquimalt](#), just west of [Victoria](#). The Fleet Maintenance Facility – Cape Breton is one of many sub-sections of the Canadian Naval Base, CFB Esquimalt. It is located at the Dockyard in Esquimalt and employs anywhere from 650 to 1000 persons, depending of the current work being performed there.

DelcoSecurity Scope: Supply, program and provide training for the access control system at the FMF CB, (Dock under One Roof) new maintenance building.
